SUMMARY

Hi, I'm Harsh Modi, an Information Technology student with a strong passion for web development and data analysis. I am proficient in multiple programming languages and possess a solid understanding of responsive design, interactive web technologies, and data visualization techniques. Eager to continuously enhance my skills, I actively seek opportunities to contribute to innovative projects and further advance my expertise in web development and data analytics.

EDUCATION

Institute of technology and management, Gwalior, India 2021 - 2025

Bachelor of Technology (IT) - 7.1 CGPA

India international public school, Gwalior, India 2019 - 2020

CBSE (XII) - 79.40 %

India international public school, Gwalior, India 2017 - 2018

CBSE (X) - 60.40 %

PROJECTS

PERSONAL PORTFOLIO  2023 - 2024

- Developed a responsive portfolio website using HTML5, CSS3, and JavaScript.
- Integrated modern animations and interactive effects to enhance user engagement.
- Optimized cross-browser performance and seamless functionality across all devices.

TO-DO LIST 

- Developed a Todo List web application using HTML, CSS, and JavaScript with a responsive, mobile-first design.
- Integrated interactive animations and visual effects to enhance user engagement.
- Optimized cross-browser performance in adherence to modern web standards.

E-commerce Sales Dashboard 

- Built an interactive e-commerce sales dashboard in Power BI with advanced data modeling and visualizations to track revenue, profit, and category-level performance.
- Implemented dynamic filters, drill-down features, and real-time KPIs to enable data-driven decision-making.
- Enhanced business visibility by consolidating data, streamlining reporting, and providing actionable insights for strategic growth.

SKILLS

- Programming Languages: Java, C++, JavaScript
- Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js, Bootstrap
- Data Tools: SQL, Excel, Power BI, Tableau, Google Analytics
- Version Control: Git, GitHub
- Database Management: MySQL, MongoDB
- Other Tools: Visual Studio Code, IntelliJ IDEA
